

Part 2 of Breaking Ground With GCCTM

Pre-Service Teacher/ Resident Educator Edition

Saturday, February 2nd

Registration: 8:30-9:00, Program: 9:00-12:30

at

Hiram College, Hinsdale Hall

11753 Garfield Road, Hiram, Ohio 44234

The Greater Cleveland Council of Teachers of Mathematics wants to support:

- Pre-service Teachers who are working towards an Early Childhood (EC) License, Middle Childhood(MC) License in Mathematics, or an Adolescent Young Adult (AYA) License in Mathematics.
- Resident Educators who are currently teaching Mathematics in grades K-12.
- University Faculty who are Mathematics Teacher Educators
- Mentors of Resident Educators who are currently teaching mathematics.

At the workshop participants will:

- Learn how to teach students procedural fluency with conceptual understanding using ideas from the book: ***Becoming the Math Teacher You Wish You'd Had.***
- Try out a couple of tasks that will expose students to mathematical reasoning and problem solving.
- Learn about ways to assess students' procedural fluency, conceptual understanding, and mathematical reasoning using various NCTM publications.
- Interact with peers from different school districts and universities.

Registration Fees

Category	GCCTM Member	Non-Member
Pre-service Teacher	\$0	\$2
Resident Educator	\$0	\$15
University Faculty	\$0	\$15
