

# Breaking Ground with GCCTM January 2019 Winter Workshop

## Breaking the Cycle: Classroom Strategies for Differentiation

**When:** Saturday January 26<sup>th</sup> , 8:15am-1:00pm

**Where:** Beachwood High School, 25100 Fairmount Blvd, Beachwood, OH 44122

**What:** Join us for a workshop focused on real math differentiation strategies for your classroom. At this workshop, you will: work with teachers and facilitators focusing on your grade band (Elementary, Middle, Secondary+Post Secondary). The workshop goal is to explore two different approaches to differentiation in the classroom: rich tasks and performance level based content. You will receive coaching on applying this content to your own classroom. Throughout the workshop, you have the opportunity to post your own questions for our facilitators to be answer in the final session. A light breakfast and snacks will be provided!

**Credit:** Earn 4.0 PDUs/Contact Hours. Note: These hours may need to be pre-approved by your LPDC.

### Agenda:

8:15-8:45	Registration + Networking + Light Breakfast
